

# SOUTH AFRICAN IRON AND STEEL INSTITUTE

## SAISI COMMITTEES

### COMMITTEES

#### Committees of the Institute

The Council of the Institute, consisting of representatives of all the members, established eight standing committees. These committees are:

- Committee for Secondary Manufacture (COSM)
- Downstream Development Committee
- Committee on Economics
- Committee on Environmental Affairs
- Committee on International Trade
- Ferrous-supply Committee
- Safety and Health Committee
- Committee on Technology

The committees meet regularly to discuss topics that may be of collective interest to the primary steel industry. SAISI members fund all operations of the Institute.
